Other discussion/action items:

09/09/2026 DRAINAGE BOARD AGENDA

1. Call to Order:

- a. Chairman

2. Acceptance of June 10, 2026, minutes.

3. King Ditch:

- a. An INDOT culvert that runs underneath SR 38 just East of Round Barn Road was destroyed and has been replaced with two 60" culverts and should be open. This was a temporary solution. The permanent solution will be scheduled in the year 2030 to mid-2030's.

4. O'Brien Ditch:

- a. Sarah Mitchell reached out regarding significant damage to a culvert crossing that is in the ditch.

5. Russell Legal Drain:

- a. An INDOT culvert that runs underneath I-70 sustained significant damage. We have been informed that this will now be replaced. We have not received any details on this yet. We are assuming this will be like the replacement of the culvert on the O'Brien ditch that runs underneath I-70.
- b. There is a bridge that is used on the Warm Glow Property that is for parking during events at this location. This bridge has one 72" x 25' culvert in this ditch and it should have two 72" x 25' culverts to handle the waterflow.

6. DK Welding Project:

- a. We have received a site/drainage plan and Gordon Moore is recommending drainage approval and requires As Built plans following construction.

7. Non-Legal Drian Issues:

- a. None

8. Adjourn
